

# SASH REPLACEMENT SYSTEM

FOR DOUBLE HUNG WOOD WINDOWS

MEASURING WORKSHEET

Print this handy form and take it with you to measure your windows. Just fill in the information to help you keep track of all your sash replacement needs. This form will also help you when you return to the site to select the correct Sash Replacement Kit(s).

The PGW Double Hung Wood Window Sash Replacement System will work for you if the dimensions you list here match one of the sizes on the standard-sized openings chart or if the width is up to 1/2 inch larger and the height is up to 1/4 inch larger.
